

# King Without A Castle

Chris Isaak

Like a king without castle  
Like a knight without a home  
I call your name but there's no answer  
And I'm left here on my own  
Just wondering, wondering  
Where did our love go?

Does anybody know?

A man alone he has no future  
A man alone he has no friends  
There was a time I thought I found her  
The one to love me 'til the end  
Now I'm wondering, wondering  
Where did our love go?

Does anybody know?

I'm Like a king without castle  
With a heart condemned to roam  
I keep searchin' 'til I find you  
'Til I do I'll be alone  
Just wondering, wondering  
Where did our love go?

Does anybody know?
