

Guilty

Chris Jamison

Started out alright
Now you got me waitin'
Going crazy these
Walls are caving
Give you my confession
Now you got me pacin'
Nothing you can say
Is gonna break me

Girl if lovin' you's a crime
I'll be facing ten to life
Ain't got no problem serving time
Baby I'ma testify

Tell me that you feel the same
Help me take away the pain
You ain't gotta be ashamed
Guilty for lovin'

You got me caught up in feelings
Baby I'm falling
Come save me now, save me now
Girl if it's all that I'm stealing
Baby I'm guilty so
Lock me down, lock me down

Baby I'm guilty so
Lock me down, lock me down
Baby I'm guilty so
Lock me down, lock me down

I just want to love ya
Go ahead and sue me
You can't justify
What you do to me
If I had it my way
I'd show you what you're missin'
But instead I'm here begging your forgiveness

Girl if lovin' you's a crime
I'll be facing ten to life
Ain't got no problem serving time
Baby I'ma testify

Tell me that you feel the same
Help me take away the pain
You ain't gotta be ashamed
Guilty for lovin'

You got me caught up in feelings
Baby I'm falling
Come save me now, save me now
Girl if it's all that I'm stealing
Baby I'm guilty so
Lock me down, lock me down

Baby I'm guilty so

Lock me down, lock me down
Baby I'm guilty so
Lock me down

You made your case
You held your grudge
With no pardons from the judge
Loosen up on these cuffs
Now you got me hurtin'
Got my heart burnin'
Didn't see it comin'
Guilty for lovin'

You got me caught up in feelings
Baby I'm falling
Come save me now, save me now
Girl if it's all that I'm stealing
Baby I'm guilty so
Lock me down, lock me down

Baby I'm guilty so
Lock me down, lock me down
Baby I'm guilty so
Lock me down, lock me down
