

# 21 Forever

Chris Janson

I changed the number on my phone  
My heart finally found a home  
You can't be 21 forever  
I put the bottle on the shelf  
Thought about more than just myself  
You can't be 21 forever

There's a time for young and dumb  
For lovers, lines and songs  
You go to bed in the morning  
After you stumble in at dawn  
Had to get my act together  
Learn to appreciate stormy weather  
You can't be 21 forever

The cards aren't always Jacks and Aces  
Pretty soon you gotta face it  
You can't be 21 forever  
Write your story, but turn the page  
Don't be afraid to act your age  
No, you can't be 21 forever

There's a time for young and dumb  
For lovers, lines and songs  
You go to bed in the morning  
After you stumble in at dawn  
Had to get my act together  
Learn to appreciate stormy weather  
You can't be 21 forever

So enjoy it while you can (so enjoy it while you can)  
'Cause it's just a number, man  
Like wine you only get better all the time (all the time)  
And there's a beauty with growing up  
So pour it out and fill the cup  
'Cause, you can't be 21 forever (forever)  
No, you can't be 21 forever  
Forever, forever  
Ooh

21 forever  
21 forever  
21 forever  
21 forever  
21 forever  
21 forever
