

Everybody's Going Through Something

Chris Janson

Everybody's got a crawl, somethin' they lost
Everybody's goin' through somethin'
The downpour rain or a hurricane
Everybody's goin' through somethin'
A tye-dye t-shirt, a three piece suite
Steel toe, flip flops, or cowboy boots
It's the same ol' rain we're walkin' through
Everybody's goin' through somethin'

Everybody's goin' through somethin'
So cut somebody some slack
It don't cost you nothin'
To have your buddy's back
Broken hearts and broke down cars
Bad news don't care who you are
Ain't it harder to hate somebody than to love 'em
Everybody's goin' through somethin'

People with scars, people in bars
Everybody's goin' through somethin'
Goin' to church, goin' to work
Everybody's goin' through somethin'

Everybody's goin' through somethin'
So cut somebody some slack
It don't cost you nothin'
To have your buddy's back
Broken hearts and broke down cars
Bad news don't care who you are
Ain't it harder to hate somebody than to love 'em
Everybody's goin' through somethin'
Everybody's goin' through somethin'

Stuck in a rutt, stuck in three ways
Bless the stress and there's hell to pay
At the end of the day it's gonna be okay
Everybody's goin' through somethin'

Yeah, everybody's goin' through somethin'
So cut somebody some slack
It don't cost you nothin'
To have your buddy's back
Broken hearts and broke down cars
Bad news don't care who you are
Ain't it harder to hate somebody than to love 'em
Everybody's goin' through somethin'
That's right
Yeah, everybody's goin' through somethin'
