

Hang On

Chris Janson

If you're feeling all alone
Like your down and out heart it ain't got a home
When you ain't got a shoulder to cry on
Just hang on
Yeah hang on

And when your dreams have found a snare
And it feels like you ain't got a prayer
Just know somebody's got your back up there
And hang on

You gotta throw your hands in the air
Hear them angels sing
Just listen close they're singing your song
Kick back and cast your cares
Set your weary mind free
Cause your better days they're coming along
So, hang on

Now if you wander
You wander off your path
And you can't seem to find your way back
You hit your knees, be still, get back on track
Just hang on

When you're doing better
You're doing better than alright
When that reason that you're born takes flight
It is gonna be one hell of a ride
So, hang on

You gotta hold on tight
Cause they'll hit you real strong
So, hang on
