

# Messin' With Jesus

Chris Janson

Yeah cigarettes taste good to me  
But the body is a temple I read so I  
I ain't messin' with Jesus  
I love drivin' fast down a country road  
But a voice in my head says take it slow  
So I, I ain't messin' with Jesus

I wanna keep him on my good side  
Keep him on my bad side a little less of the time  
I never plan on being perfect  
I'm a back slidin' serpent of a man most of the time  
But I walk the line  
Until I get to the other side  
No I ain't messin' with Jesus

Yeah, I got a dark side and I try to live right  
So I stay up late and I pray all night  
Cause I, I ain't messin' with Jesus  
Yeah I wanna do wrong in the middle of right  
I wanna get drunk and have a good fight  
But I, I ain't messin' with Jesus, nah

I wanna keep him on my good side  
Keep him on my bad side a little less of the time  
I never plan on being perfect  
I'm a back slidin' serpent of a man most of the time  
But I walk the line  
Until I get to the other side  
No I ain't messin' with Jesus

Everything we do  
You know he's gonna see us  
So I don't mess with Jesus, nah  
Everything we do  
You know he's gonna see us  
So I ain't messin' with Jesus  
Hallelujah

I wanna keep him on my good side  
Keep him on my bad side a little less of the time  
I never plan on being perfect  
I'm a back slidin' serpent of a man most of the time  
But I walk the line  
Until I get to the other side  
No I ain't messin' with Jesus  
I wanna keep him on my good side  
Keep him on my bad side a little less of the time  
I never plan on being perfect  
I'm a back slidin' serpent of a man most of the time  
But I walk the line  
Until I get to the other side  
No I ain't messin' with Jesus
