

# Chasing Heartaches

Chris Kläfford

You and I  
Have run  
Many miles from where we start  
Never stop  
Or fall  
Never doubting who we are

But sometimes it goes too fast  
And everything I want for us  
I want to build to last

Why do we chase these heartaches  
Why do we chase our mistakes  
We're always running and  
Say it's all we want  
Say it's all we want to be

When will we do things our way  
When will we stop and just say  
We've got enough  
And stop chasing waterfalls  
When it's falling on me  
And everything I want to be

A better life  
I'm told  
Only comes from sacrifice  
But it takes  
Its toll  
And I can see it in your eyes

But sometimes it goes too fast

Why do we chase these heartaches  
Why do we chase our mistakes  
We're always running and  
Say it's all we want  
Say it's all we want to be

When will we do things our way  
When will we stop and just say  
We've got enough  
And stop chasing waterfalls  
When it's falling on me  
And everything I want to be

But sometimes it goes too fast  
And everything I want for us  
I want to build to last

Why do we chase these heartaches  
Why do we chase our mistakes  
We're always running and  
Say it's all we want  
Say it's all we want to be

When will we do things our way

When will we stop and just say  
We've got enough  
And stop chasing waterfalls  
When it's falling on me  
And everything I want to be  
And everything I want to be  
You're everything I want to be
