

If Not With You, For You

Chris Kläfford

If not with you, then for you, my love
While I'm breathin', you're never gone
Feels like livin' with half of my heart
But I'm trying, trying to keep my head up
I still sleep on my side of our bed
Though you're gone you're not leavin' me yet
Keep you here for as long as I can
I'm dyin', dyin' to see you again
I know you don't want me to
Be someone without you

But I can wait
To be with you darlin' someday
I'll meet you on those golden planes
Until then I say
If not with you, then for you, my love
If not with you, then for you, my love

Going out by myself every night
Tryin' to feel somethin' but I
I can't shake the feelin'
That nothin' is right
I ain't the same without you by my side
I know you don't want me to
Be someone without you

But I can wait
To be with you darlin' someday
I'll meet you on those golden planes
Until then I say
If not with you, then for you, my love
If not with you, then for you, my love

The light has gone out in my life
Stuck in the past
Frozen in time
Everyone says I'll be fine
One of these days

But I can wait
To be with you darlin' someday
I'll meet you on those golden planes
Until then I say
If not with you, then for you, my love
If not with you, then for you, my love
...
