

# Cool

Chris Lane

Laying face first in an old box fan  
Talking like Darth Vader  
Nintendo, Tecmo Bowl  
Bo Jackson, Oakland Raiders  
Leather jacket with a glove on my hand  
Moonwalking like Billy Jean  
No, I wasn't tryna change the world  
All I ever really wanted to be was

Cool, cool  
Yeah, we all wanna be cool, cool  
Yeah, we all wanna be  
Lost a little love, broke a few hearts  
Lost a few nights shutting down bars  
Lost a good fake ID or two  
We never lost our cool  
Lost friends and we lost touch  
Got a little older, but we never grew up  
There's a reason new school wants to be old school  
We never lost our cool, cool  
We never lost our cool, cool  
We never lost our cool

Yeah, so cool  
(Everybody wants to be cool)  
So dang cool

Good old boys in a hip-hop phase  
808s and a hoopty, hoopty  
Can't sever them southern roots  
Way down yonder on the Chattahoochie  
Played a little football, third string  
Had to get the girls with the six string  
Playing every song 'til your fingers bleed  
Doing everything just tryna be

Cool, cool  
Yeah, we all wanna be cool, cool  
Yeah, we all wanna be  
Lost a little love, broke a few hearts  
Lost a few nights shutting down bars  
Lost a good fake ID or two  
We never lost our cool  
Lost friends and we lost touch  
Got a little older, but we never grew up  
There's a reason new school wants to be old school  
We never lost our cool, cool  
We never lost our cool, cool  
Yeah, we all wanna be

Cooler than the whip on the top of the pie  
Cooler than the gang celebrating tonight  
Kool Aid mustache, 4th of July  
So dang cool, you don't have to try  
You're just cool  
Yeah, we all wanna be cool  
Yeah, we all wanna be

Cool, cool  
Yeah, we all wanna be cool, cool  
Yeah, we all wanna be  
We lost a little love, broke a few hearts  
Lost a few nights shutting down bars  
Lost a good fake ID or two  
We never lost our cool  
Lost friends and we lost touch  
Got a little older, but we never grew up  
There's a reason new school wants to be old school  
We never lost our cool, cool  
We never lost our cool, cool  
We never lost our cool

Yeah, so cool  
(Everybody just wants to be cool)  
So dang cool
