

I Don't Know About You

Chris Lane

I don't know about you
But I never come into this spot
On a Thursday before ten o' clock
But I thought what the hell, why not?
I don't know about you
But I never walk up and talk to
A stranger but when I saw you
I had to, I just had to

Girl I know your favorite beer
'Cause you told me and I bought it
You can leave me sitting right here
But if you feel like talking

What's your name, what's your sign, what's your birthday
What's your wrist tattoo Bible verse say
Tell me this, do you kiss on the first date
Don't hold anything back (don't hold anything back)
What's your dream job girl, where's your home town
Yeah what makes your world spin around and around
And are you down to get out of here too
Tell me everything till there's nothing I don't know about you

I don't know about you
We could dip, we could slip out the back
Flee the scene, put your feet on my dash
Find a spot past the railroad tracks and never look back
But before that

What's your name, what's your sign, what's your birthday
What's your wrist tattoo Bible verse say
Tell me this, do you kiss on the first date
Don't hold anything back (don't hold anything back)
What's your dream job girl, where's your home town
Yeah what makes your world spin around and around
And are you down to get out of here too
Tell me everything till there's nothing I don't know about you

I know you like Bud Light, I know you got blue eyes
I know you got my heart beatin' in this bar
And now we can jump in, fall into something
And the perfect place to start is

What's your name, what's your sign, what's your birthday
What's your wrist tattoo Bible verse say
Tell me this, do you kiss on the first date
Don't hold anything back
What's your dream job girl, where's your home town
Yeah what makes your world spin around and around
And are you down to get out of here too
Tell me everything till there's nothing I don't know about you
Tell me everything, tell me everything
Tell me everything till there's nothing I don't know about
Tell me everything, tell me everything
Tell me everything till there's nothing I don't know about you
