

# Life Goes On

Chris Lane

I don't know what to do with myself  
Friday night there's a handle on the shelf  
I could use a hand, I could use some help  
Lord knows I've been going through hell  
Might step outside, catch a breath of fresh air  
Or I might just drop to the middle of nowhere  
Do a little soul searching, little moonlight churching

'Cause my world's gone numb and I just wanna feel something  
Running low on hope but I don't know if I can overcome it

I ain't drunk and I ain't stoned  
Just been wondering all night long  
They say the sun's still gonna dawn  
But baby you're good and gone  
So right now I don't see how life goes on  
How life goes on

Used to be on a Friday night  
Baby you and me'd be under neon lights  
Smell the smoke all over our clothes  
We hang around till the whole town closed  
Now every bar I pass makes my heart head south  
Every drink I have leaves a bad taste in my mouth  
And baby that's why

I ain't drunk and I ain't stoned  
Just been wondering all night long  
They say the sun's still gonna dawn  
But baby you're good and gone  
So right now I don't see how life goes on  
How life goes on  
Come on!

Tell me life goes on

Baby how do you make leaving me look so easy  
Yeah I'm trying so hard but I'm so far from believing  
That life goes on  
Yeah life goes on

I ain't drunk and I ain't stoned  
Just been wondering all night long  
They say the sun's still gonna dawn  
But baby you're good and gone  
So right now I don't see how life goes on

'Cause I ain't drunk and I ain't stoned  
Just been wondering all night long, yeah  
Yes and the sun's still gonna dawn  
But baby you're good and gone  
So right now I don't see how life goes on  
Yeah life goes on  
Tell me life goes on  
Yeah life goes on
