

Problematic

Chris Lane

She's smoke from a 45
A West Virginia hit of moonshine
A Johnny Cash ring of fire
That I'm about to fall into tonight
I was only here for one beer
Keep it in first gear
'Til she walked in
Now my Miller's turned into whiskey
My buzz into tipsy
And it's 2 AM

She's a little last call, wrecking ball, free fall
Messin' up all my plans
She's a little sweet thang, kiss like a night train, bottle rocket in
my hand
She's my nicotine, gotta have it
I was one look hooked, automatic
She's a double shot of trouble to the heart
But I ain't mad at it
That girl's gonna be problematic

Problematic for sleep at night
'Cause we got something better to do
Problematic if she says goodbye
She's the one I'll always think about if I ever lose

She's a little last call, wrecking ball, free fall
Messin' up all my plans
She's a little sweet thang, kiss like a night train, bottle rocket in
my hand
She's my nicotine, gotta have it
I was one look hooked, automatic
She's a double shot of trouble to the heart
But I ain't mad at it
That girl's gonna be problematic

Problematic
For Mr. Never Settle Down
Who's thinking 'bout it now
For Mr. Came For One Beer
Found a good reason to stay here

She's a little last call, wrecking ball, free fall
Messin' up all my plans
She's a little sweet thang, kiss like a night train, bottle rocket in
my hand
She's my nicotine, gotta have it
I was one look hooked, automatic
She's a double shot of trouble to the heart
But I ain't mad at it
That girl's gonna be problematic
