

# Starting Tonight

Chris Lane

Starting tonight  
Don't walk out that door  
I don't want you to go  
Let's bring us back  
Yeah let's take it slow  
Yeah let's take it slow  
I lay on down  
Turn off the lights  
Won't let you go till we get this right  
If it takes all night  
That will be just fine

Starting tonight  
I'm gonna love you like it's the rest of my life  
Starting tonight  
I wanna feel you, let's make this love come alive  
And starting tonight  
We'll beat the odds, yeah this love is gonna survive  
I promise you baby  
I'm starting tonight

Starting tonight  
I'm gonna be here for you like I've never been  
Come closer to me  
I wanna taste your kiss, wanna feel you breathe  
Cause your body's callin', my heart's fallin'  
Oh baby just give in

Starting tonight  
I'm gonna love you like it's the rest of my life  
Starting tonight  
I wanna feel you, let's make this love come alive  
And starting tonight  
We'll beat the odds, yeah this love is gonna survive  
I promise you baby  
I'm starting tonight

You broke the chains and you set me free  
Yes, you set me free now, baby  
You're what love means to me  
What it means to me

So starting tonight  
I'm gonna love you like it's the rest of my life  
And starting tonight  
I wanna feel you, let's make this love come alive  
Starting tonight  
We'll beat the odds, yeah this love is gonna survive  
I promise you baby (I promise you baby)  
I promise you baby (I promise you baby)  
I promise you baby  
I'm starting tonight  
Oh baby, I'm starting tonight
