

Fireworks

Chris Mann

C'mon lay back, on the hood of my car
Look up at the black sky cuz you're like a star
So electrified (Whoa oh oh oh)
Electrified (Whoa oh oh oh)

We can ignite wherever we are
We'll make a fire out of the tiniest spark
Cuz I got a light (Whoa oh oh oh)
I got a light (Whoa oh oh oh)

You really set me off
Really you turn me on
Gonna light me up yeah (yeah) yeah (yeah) yeah
So set me off
Go head and turn me on
Until we're both lit up yeah (yeah) yeah (yeah) yeah
Like fire fireworks
Like fire fireworks

Come into me like a stone on the flint
All that it takes is a little bit of friction
To let it begin (Whoa oh oh oh)
To let it begin (Whoa oh oh oh)

If we believe we'll never come down
The glow in our flask won't ever burn out
So don't let it end (Whoa oh oh oh)
Don't let it end (Whoa oh oh oh)

You really set me off
Really you turn me on
Gonna light me up yeah (yeah) yeah (yeah) yeah
So set me off
Go head and turn me on
Until we're both lit up yeah (yeah) yeah (yeah)
Like fire fireworks (Like fire fireworks)
Like fire fireworks
Fire fireworks (Fire fireworks)
Like fire fireworks

I want you over me
Darl' won't you glow for me
Like it's the Fourth of July
Oh I feel your love
So high above oh
When you light up the night (Whoa oh oh oh)
The night (Whoa oh oh oh)

You really set me off
Really you turn me on
You gonna light me up yeah (yeah) yeah (yeah) yeah
So set me off
Go head and turn me on (turn me on)
Until we're both lit up yeah (yeah) yeah (yeah)

You really set me off
Really you turn me on (like fire fireworks)

Gonna light me up yeah (yeah) yeah (yeah) yeah (fireworks)
So set me off
Go head and turn me on (yeah)
Until we're both lit up yeah (yeah) yeah (yeah) (yeah)

Like fire fireworks (yeah oh oh)
Like fire fireworks (Like fire fireworks)
Fire fireworks (fireworks)
Like fire fireworks (gonna set me off)
Gonna light me up (Like fire fireworks)
(Gonna light me up) Like fire fireworks
(Gonna light me up)
(You gonna light me light me up) Like fire fireworks
Yeah yeah
Like fire fireworks (gonna set me off)
Yeah hey
