

Moderna In My Veins

Chris Mann

I've got Moderna in my veins
Double dose got me back in the game
Yeah, it burned and I cried tears of joy
While screaming out your name (Moderna), your name
Got Moderna in my veins
Dolly Parton paid and now I'm saved (Jolene)
Through the hell, I survived
And I ate at home for the last time, the last time

Yeah, I feel brand new
It was real ugly there for a while
Now you're here forever
You and me together, nothing is better

'Cause waiting in the queue
Was a load of poo, load of poo
I watched everything
That was on Hulu, on Hulu
Now that you're in me
I'll be road tripping, road tripping

I've got Moderna in my veins
Double dose got me back in the game
Yeah, it burned and I cried tears of joy
While screaming out your name (Moderna), your name
Got Moderna in my veins
Dolly Parton paid and now I'm saved (howdy)
Through the hell, I survived
And I ate at home for the last time, the last time
Oh no
Let it burn
Moderna
