Remember Me

written by Chris Mann, Laura Mann, Rudy Tanzi, Willy Beaman, Dora Kovacs

I need someone to hold, to hold on for me  
To what i can't seem to hold on to  
The life we used to live, is slipping through my fingertips  
Like a thread that's unraveling

I suppose that nothing lasts forever, and everything is lost in  
its time.

When I can't find the words that I trying to speak  
When I don't know the face in the mirror I see  
When I feel I'm forgotten and lost in this world  
Won't you please remember me  
Remember me

I know there'll come a day, when i have gone away  
And the memory of me will fade  
But darling think of me, and who I use to be  
And I'll be right there with you again

I hope I'm one thing worth not forgetting  
Tell me that you'll never let me go

When I can't find the words that I trying to speak  
When I don't know the face in the mirror I see  
When I feel I'm forgotten and lost in this world  
Won't you please remember me  
Remember me

I hope I'm one thing worth not forgetting  
Tell me that you'll never let me go

When I can't find the words that I trying to speak  
When I don't know the face in the mirror I see  
When I feel like I'm lost and alone in this world  
Won't you please remember me  
Remember me
