

Santa, We're Ready!

Chris Mann

Santa won't you come to town

Presents by the fire
Stockings hanging higher
Lights are twinkling shining bright
Kids are nestled in bed tonight
Christmas Eve is here now we just want you, we want you here

Santa, we're ready (Ready!) – the tree's all aglow
Snow's fallin' steady (Steady!) – you're good to go (You're good to go!)
Get Rudolph glowin' and tell 'em to fly
We're ready now, Santa won't you come, Santa won't you come, Santa won't you come on down
Santa won't you come to town (we're ready now, woo)

We've been good all year
Bring the yuletide cheer
Jukebox playin' our favorite tunes
All we want for Christmas is you
So land that sleigh and come on down we want you, we want you here

Santa, we're ready (Ready!) – the tree's all aglow
Snow's fallin' steady (Steady!) – you're good to go (You're good to go!)
Get Rudolph glowin' and tell 'em to fly
We're ready now, Santa won't you come, Santa won't you come, Santa won't you come on down
Santa won't you come to town (we're ready now, woo)

We're ready now, Santa won't you come, Santa won't you come, Santa won't you come to town
Santa won't you come to town...

Because we're ready (Ready!) – the tree's all aglow (Tree's all aglow!)
Snow's fallin' steady (Steady!) – you're good to go (You're good to go!)
Get Rudolph glowin' (Glowin'!) and tell 'em to fly (Tell 'em to fly!)
We're ready now, Santa won't you come, Santa won't you come, Santa won't you come on down
Santa won't you come
Santa won't you come
Santa won't you come to town
We're ready now
