

Champagne For My Real Friends

Chris Martin

It's Martin again, whoa
Believe me
Wolves and leopards are trying
To kill the sheep and the shepherds
That's why I say

Champagne fi mi real friends, and
Real pain fi mi cham friends
Wi nuh waan see the pagan dem
Nor no wolf inna sheep clothing, no, no

Champagne fi mi real friends, and
Real pain fi mi cham friends
Mi buss a blank fi the ones dem
Weh waan see mi rise from the beginning

Stardom unno mek some fake friend, start move like idiot
See we things and a wish a shouldn't we that
But I Jah gi' we, we blessings
Suh go badmind Jah and stop pree what's not yours, my friend
Your dirty thoughts are not hiding
Like some fox inna the bush dem sly
When dem see you a rise
Dem waan you slip back into silence
But I'm telling dem

Champagne fi mi real friends, whoa
Real pain fi mi cham friends, yo
Mi buss a blank fi the ones dem
Weh waan see we from the beginning rising

Champagne fi mi real friends, and
Real pain fi mi cham friends, whoa
Wi nuh waan fi see the pagan dem
Nor no wolf inna sheep clothing

All the ones who a deh deh, fi mi on my journey
This one is fi you
Caw some people never waan see you and seh we nuh worthy
A boo

Jah gi' we, we strength
Him gi' we life, him gi' we everything, it's evident
So you can never stop me

Champagne for real friends, whoa
Real pain for mi cham friends dem

The ones deh waan fi see me rise, oh Lord

Some people see our daily journey

And feel like they should have the same
Dem feel as if a greeting
That we earning life was oh so our day
Dem no see the struggles how we now fi mek it
And all the people outta road weh try tek it
But Jah gi we we things and no bodda tell me nothing
That's why we tell dem, well again

Champagne fi mi real friends, and
Real pain for mi cham friends, and I
Buss a blank fi the ones dem
Weh waan see mi rise from the beginning

Champagne fi mi real friends, and
Real pain for mi cham friends, whoa
Buss a blank, buss a buss a blank
