A party we a party, every man to a shorty
Turn it up loud, turn it up loud
Till it get distorted

How can I fight this feeling?
I'm in a party mood
Girls dressing so revealing
It's like they're walking nude
I'm drunk I know the feeling

But the liquor taste so good
So Ajrenalin when we left this session
Mek we go get some food

Because a party we a party
Let's get it started
Turn it up loud, turn it up loud
Till it get distorted

A party we a party, every man to a shorty
Turn it up loud, turn it up loud
Till it get distorted

Ah, ah, uh, uh
Martin yuh know
Ooh yeah, yeah, eh-hey, eh, eh, eh-hey
Ooh yeah, yeah, eh-hey, eh, eh, eh

Because a party we a party
Let's get it started
Turn it up loud, turn it up loud
Till it get distorted

A party we a party, every man to a shorty
Turn it up loud, turn it up loud
Till it get distorted
