

# I'm Tired

Chris Martin

I'm tired of bein' sick and tired  
I'm tired of bein' on my own  
But there is someone for everyone  
Tell me why am I still alone? (Why am I still alone?)

I'm tired of feeling helpless  
I'm tired of feeling stressed  
If money brings you happiness  
Why are they not happy yet?

Oh, (I'm tired) Of living alone  
(I'm tired) Next door's not home  
(I'm tired) Come home to me  
(So tired) I need you here baby  
(I'm tired) Oh, whoa  
(I'm tired) Yes, you know  
(I'm tired) Oh, baby  
(So tired) Listen, darlin'

I'm tired of all this darkness  
I really need some light  
I'm tired of all these sleepless nights  
So please, don't leave tonight  
I'm tired from this journey  
Don't leave me alone (Don't leave me alone)  
Really need your presence, baby  
In this lonely home

Oh, (I'm tired) Of being single  
(I'm tired) With no one to mingle  
(I'm tired) Of eating alone  
(So tired) Come sit at my table  
(I'm tired) Whoa, whoa  
(I'm tired) Yes, you know  
(I'm tired) Oh, baby  
(So tired) Listen girl

(Baby, don't you know?) Ooh, oh I'm pacing all of these steps  
(Hey I'm running out of breath)  
But I'm chasin'  
Yes, I'm chasin'  
Chasin' (Oh I'm chasin')  
Chasing to the end

Oh, (I'm tired) I miss you baby  
(I'm tired) Come home, my lady  
(I'm tired) Ooh, yeah  
(So tired) Oh, you know  
(I'm tired) Yes, oh baby  
(I'm tired) Oh, my baby  
(I'm tired) I need you  
(So tired) Do you know  
(I'm tired) I need you?  
(I'm tired) I need you, baby  
(I'm tired) Ooh, yeah  
(Tired) Ooh, yeah now

Girl, you know I got so much love to give  
But I gotta receive, baby  
Mm, and in this love you know you gotta give and take  
Sometimes we'll make mistakes though  
Ooh, yeah

(I'm tired)

(Tired)

(Tired)

(Tired)

You know I'm tired baby

Baby, my lady

Love

Love, love, love, love, love
