Chris Martin

See Martin yah, one more prayer again  
Oh Lord, me nah lie  
She got the good, oh nah nah

Me first round kinda quick but me never shame  
Cah me second is a monster, uh  
Second a di same - oh my God this is a disaster  
Huh, the ex girl dem crown me inna di ting  
'Cause a thirty and over me a give to dem  
Me can't believe a weh you do to me  
Cyaan past five, what a tragedy

So Lord, I'm asking, please just help me past ten  
Oh Lord, one more thing  
Do nuh make it happen again  
Oh Lord, me nah lie  
She got the good oh nah nah, hmm-mmm  
So every single minute counts  
Lord, I want a good amount

Hmm-hmm, check, check, me haffi check the clock  
Can't believe a three times the hand go 'round  
And then pop, pop, pop, pop, what a hataclaps  
Me buss off shoot weh like an Arawak  
And a buss through the gate like a big top runner  
Then me buss through the tape fuss so me a di winner  
No, a nuh so dah race yah go  
Who come last get the prize, you know

So Lord, I'm asking, please just help me past ten  
And oh Lord, one more thing  
Do nuh make it happen again  
Oh Lord, me nah lie  
She got the good oh nah nah, hmm-mmm  
So every single minute counts  
Lord, I want a good amount

Me vex, me hurt, me nuh response  
She say me nuh fi feel no way  
She never buck a man fi go the distance  
But I'm putting up a resistance  
I'm gonna work it out  
She say seven a di most she ever go in her existence  
She haffi have di something fi so consistence  
Lord, a weh she do to me, eh-eh  
Me haffi find a remedy

So Lord, I'm asking, please just help me past ten  
And oh Lord, one more thing  
Do nuh make it happen again  
Oh Lord, me nah lie  
She got the good oh nah nah, hmm-mmm  
So every single minute counts  
Lord, I want a good amount, hmm-mmm

Me want a good amount, of your loving  
Under ten nuh good fi me

And a hundred meters me a run  
So me haffi give you till the sun comes down  
If we start inna di night  
Haffi stop a daylight

Hmm Lord, asking, nuh make it happen again  
Oh Lord, one more thing, ease us, ha  
Oh na, nah lie  
Got the good oh nah nah, hmm-mmm  
So every single seconds count  
That's why me want a good amount, hmm-mmm
