

# Reggae Road Block

Chris Martin

I say the music's on full blast  
No car cannot pass, no  
Question everyone's asking is  
What is happening, yeah  
No one seems to have a care  
A just pure niceness in air, yeah  
This a the party a the year, year  
Yeah, yeah, yo

It's a reggae road block  
Play the beats, pack the streets  
And I'm saying, it's a reggae road block  
Feel the vibe as it comes alive

And I know, it's a reggae road block  
Play the beats, pack the streets  
And I'm saying, it's a reggae road block  
Feel the vibe as it comes alive and I know

Ooh, people dancing everywhere  
The big bad sounds string off in the square  
Love is in the atmosphere  
No bad vibes cyaan creep in here  
Look how the crowd full a intensity  
Watch the girl dem a bubble with a energy, Lord  
The place full a positivity  
And every man a hold a woman what a joy fi see, I know

It's a reggae road block  
Play the beats, pack the streets  
And I'm saying, it's a reggae road block  
Feel the vibe as it comes alive

And I know, it's a reggae road block  
Play the beats, pack the streets  
And I'm saying, it's a reggae road block  
Feel the vibe as it comes alive and I know

No slow it down, take it from the top  
Gyal a wine up when dancehall drop  
R&B 'longside some hip hop  
Every big tune a play inna this reggae road block  
Hey, music a play and soup a bubble inna pot  
Liquor just a flow from the bar non-stop  
Hey, no where to go yah so a your chill spot  
Party with me in this reggae road, hey

It's a reggae road block  
Play the beats, pack the streets  
And I'm saying, it's a reggae road block  
Feel the vibe as it comes alive

And I know, it's a reggae road block  
Play the beats, pack the streets  
And I'm saying, it's a reggae road block  
Feel the vibe as it comes alive and I know

Feel it, oh, oh, oh, I feel it  
Music in my veins, flowing through my brain  
And I feel it, feel it  
Oh, oh, oh, I feel it  
Music in my brain, stirring in my brain, ooh

It's a reggae road block  
Play the beats, pack the streets  
And I'm saying, it's a reggae road block  
Feel the vibe as it comes alive

And I know, it's a reggae road block  
Play the beats, pack the streets  
And I'm saying, it's a reggae road block  
Feel the vibe as it comes alive and I know

Feel it, oh, oh, oh, feel it  
Music in my veins...
