

It's Time To Worship

Chris McClarney

If there's still breath in your lungs
And a beat in your chest
It's time to worship
Lay down the cares of today
And the fear of what's next
It's time to worship
It's time to worship

Let everything that has breath
Praise the Lord, Praise the Lord
Let everything that has breath
Praise Him

If he's been faithful and kind
If his mercies are new
It's time to worship
If you're still waiting
To witness His promise breakthrough
It's time to worship
It's time to worship

Let everything that has breath
Praise the Lord, Praise the Lord
Let everything that has breath
Praise Him

If we're gonna sing then let it be now
If we're gonna dance then let it be wild
If we're gonna praise then let it be loud
We sing hallelujah
If we're gonna sing then let it be now
If we're gonna dance then let it be wild
If we're gonna praise then let it be loud
We sing hallelujah
If we're gonna sing then let it be now
If we're gonna dance then let it be wild
If we're gonna praise then let it be loud
We sing hallelujah
If we're gonna sing then let it be now
If we're gonna dance then let it be wild
If we're gonna praise then let it be loud

Let everything that has breath
Praise the Lord, Praise the Lord
Let everything that has breath
Praise Him

Let everything that has breath
Praise the Lord, Praise the Lord
Let everything that has breath
Praise Him
