

crash

Chris Miles

You're so pretty, you're so high
Be my best friend till we die
Let's do drugs inside my ride
Until I crash the whip
Crash the whip
Crash the, crash the
Crash the whip
Till I crash, crash the

Baby, I thought I told you
I'm finna crash out, she said I'm so rude
I'm like, aah, what
She keep playin' the same old song

She wanna, I wanna
She wanna
Talk to me

You're so pretty, you're so high
Be my best friend till we die
Let's do drugs inside my ride
Until I crash the whip
Crash the whip
Crash the, crash the
Crash the whip
Till I crash, crash the
