

# JOKES ON YOU

Chris Miles

Yeah, yeah, yeah, yeah  
(Welcome to the sinners' club)

Baby, will you call me  
When I'm feeling down?  
I don't wanna go to your party  
Everybody looks like clowns

Ha, ha, ha, yeah, the joke's on you  
Lying to my face, but I know the truth  
I'm like ha, ha, ha, yeah, the joke's on you  
If the end is near, then I hope it comes tonight

I swear to God, I pray this ends  
I need more love and way less sin  
I'm looking for a way, I'm thinking this might just be it  
Can't control the feeling for my day, yeah  
A love like this, it really don't exist  
I'm having dark thoughts, I can only see the end, yeah  
Just something that I started way, way back when  
Just something that I started way, way back when  
I promise I won't settle for this evil, y'all some devils  
All this hatred in my blood probably the reason I hate needles, ayy  
I promise I won't settle for this evil, y'all some devils  
All this hatred in my blood probably the reason I hate needles, ayy (Bitch)

Baby, will you call me  
When I'm feeling down?  
I don't wanna go to your party  
Everybody looks like clowns

Ha, ha, ha, yeah, the joke's on you  
Lying to my face, but I know the truth  
I'm like ha, ha, ha, yeah, the joke's on you  
If the end is near, then I hope it comes tonight

Ooh, ooh, ooh, ooh  
Joke's on you  
Ooh, ooh, ooh, ooh  
Yeah, the joke's on you

Joke's on you, don't know what to do  
My heart is in half, yeah, you broke it right in two  
Baby, make a wish and just hope it comes true  
If you say the magic words, then the skies will turn blue  
I'm too paranoid  
Blowin' up my world like an asteroid  
I know everything I do gets your ass annoyed  
But we gotta make it work, we don't have a choice, yeah

Baby, will you call me  
When I'm feeling down?  
I don't wanna go to your party  
Everybody looks like clowns

Ha, ha, ha, yeah, the joke's on you  
Lying to my face, but I know the truth

I'm like ha, ha, ha, yeah, the joke's on you  
If the end is near, then I hope it comes tonight

Ooh, ooh, ooh, ooh  
Joke's on you  
Ooh, ooh, ooh, ooh  
Yeah, the joke's on you
