

Objects In The Mirror

Chris Miles

The objects in the mirror
Are closer than they appear
Don't tell me I don't know how you feel
I can show you what's real
The objects in the mirror
Are closer than they appear

These days I'm living like I'm dreaming
It's not about the way it is, it's about how you perceive it
Believe it (yeah)
They never thought we could
Even in my hometown
When they hold me down
It's whatever though cause we good (yeah)
I think they should get with the program
I don't know why they can't update
Everything I ever wanted is coming and stacking it up like a fundraiser

So when life be getting hectic
Don't let nobody block out your reflection

Don't tell me I don't know how you feel
I can show you what's real
The objects in the mirror
Are closer than they appear
Don't tell me I don't know how you feel
I can show you what's real
The objects in the mirror
Are closer than they appear

My life's on a tight rope
Praying for balance and stay on the calendar
If you think that I might choke
But they can't do anything, you can do half as good
It's just how this life goes
They hate on your dreams until they seem like reality
I've never fit in with no one, I made my own lane, now they hit me up saying
they proud of me
Step back I don't know y'all
From the sunrise to the snowfall
Imma live it like I never did it
Even though they always said I'd never go far (but, yeah)
So when life be getting hectic
Don't let nobody block out your reflection
Just tell your life
So when life be getting hectic
Don't let nobody block out your reflection

Don't tell me I don't know how you feel
I can show you what's real
The objects in the mirror
Are closer than they appear
Don't tell me I don't know how you feel
I can show you what's real
The objects in the mirror
Are closer than they appear

When I'm looking at the mirror I can see more
From the clear skies to the sea floor
Always said I never get to do it, you should dream more
And now they know it's going down like three doors (yeah)
Everything that was impossible now is so possible because of me
I don't got no oscars, but shit is unlogical, but imma be a problem when I take over the lead
And i pull up on the scene and they like "Hey, bro!"
I'm like "What have you been doing?" It's the same old
I can never live a life where I lay low
I just told them I can get it if I say so (so, so)
So when life be getting hectic
Use a mirror as a new dimension

Don't tell me I don't know how you feel
I can show you what's real
The objects in the mirror
Are closer than they appear
Don't tell me I don't know how you feel
I can show you what's real
The objects in the mirror
Are closer than they appear

They gonna tell you stop the funny stuff
We all know you'll never be enough
My dreams live forever ever
Forever they will live
They gonna tell you stop the funny stuff
We all know you'll never be enough
My dreams live forever ever
The objects in the mirror (aye aye)
Forever ever
The objects in the mirror (aye aye)
Don't tell me I don't know how you feel
