

Scumbag

Chris Miles

It's okay to not be okay, that's what they told me
Well, I would of...
Been drinking some OJ like every morning
And it's always my worst day, no I say
Now what they do?
I been in the La La Land with crew
Now I'm back home and I'm talking to you
Not in the mood
But I'm tryna get back to some better things
Talk last shit, now they [?]
Probably think I was born yesterday
I don't really care what the fuck you think
You're probably wasting your energy
Let me see in the end of the music walking, going down and you would stay in
my mind
Except when we in a session
Getting sick of these parties, they starting to get depressing
Yes this, weirder people say that I been changing, only thing that changes w
ould be my number
People say I might get famous, that's fake shit
But I see my relatives on holidays and they asking me about colleges when ho
nestly I don't even know, yeah
I'm just tryna catch another flight
God, for a minute I was sitting at home
Baby tell me you know

I'm so sick of always waking, feel the same way every day, I think that mayb
e I been getting to go, yeah
Feels like I'm floating but I'm sinking
Baby I'm just overthinking but it's probably 'cause I been on the go, yeah

Fuck that, I don't wanna come back
Maybe I'm a scumbag
Yeah, yeah
Fuck that, I don't wanna come back
Maybe I'm a scumbag, yeah

Maybe I'm a scumbag
Fades every day, my mom like you won't get your lungs back
But he tell me why they on my ball sack
Bitch I'm still on my honor I ain't signing on no contracts
But I'm a be me till the world ends
Slide on all of her messages like motherfuck your boyfriend
And the screenshots of our convo that you tweeted, that's annoying
There's so many girls tryna scream my name, you really thought I was in a bo
yband
Like, uh

I can't stay too long
If you're a scumbag, I know that's your favorite song
You can break my heart, just don't break my bond

Tell these old heads that I really ain't too young
'Cause I'm a man now like a man's impatient
Sorry baby but I can not date ya
I just got back from Australia and now I'm on to another relation
Fuck a conversation, I'm too awkward

I can't even talk words
But I'm still a real one and they say I'm a pastor

So I ponder about the path that I have taken
Sometimes I wonder if I'm even gonna make it
People are fake, they can shave shif
But I do not trust 'em
So shout out to myself and my conscious
Like ah

I can't stay too long
If you're a scumbag, I know that's your favorite song
I been tryna figure out a way to right my wrongs
Now I'm finally about to kill it, I admit it
Baby you know that I

I'm so sick of always waking, feel the same way every day, I think that mayb
e I been getting to go, yeah
Feels like I'm floating but I'm sinking
Baby I'm just overthinking but it's probably 'cause I been on the go, yeah

Fuck that, I don't wanna come back
Maybe I'm a scumbag
Yeah, yeah
Fuck that, I don't wanna come back
Maybe I'm a scumbag, yeah

I'm so sick of always waking, feel the same way every day, I think that mayb
e I been getting to go, yeah
Feels like I'm floating but I'm sinking
Baby I'm just overthinking but it's probably 'cause I been on the go, yeah

Fuck that, I don't wanna come back
Maybe I'm a scumbag
Yeah, yeah
Fuck that, I don't wanna come back
Maybe I'm a scumbag, yeah
