

## US TWO

Chris Miles

Yeah  
Woah  
(Cody, emo's fucking dead)

I can't stay here waiting  
Need you now, this is our last chance  
Your love is too hot, baby  
Tried to touch you, but it burned my hands

This time (This time)  
I won't (I won't)  
Fuck it up like I always do  
Hate me (Hate me)  
Or love me (Love me)  
Does it matter if it's just us two?  
(If it's just us two, yeah) Yeah  
If it's just us two  
(If it's just us two, yeah) Yeah, uh

If it's us two right now, we could turn the lights down  
Will we make it out, though? Guess we gonna find out  
Ooh, yeah, yeah, uh

I was just a corpse, now she digging me up  
Have shit on the floor 'cause we don't give a fuck  
'Member when I hit it in New York  
I just had to know if you was really the one  
My bad, I'm not that good at talking, that's why I'm so quiet  
It's hard to make you feel alive when I feel like I'm dying  
Oh, my God, I'm glad I choke you, ho  
So you can tell all your exes, "I told you so"  
Yeah, fuck them

I can't stay here waiting  
Need you now, this is our last chance  
Your love is too hot, baby  
Tried to touch you, but it burned my hands

This time (This time)  
I won't (I won't)  
Fuck it up like I always do  
Hate me (Hate me)  
Or love me (Love me)  
Does it matter if it's just us two?  
(If it's just us two, yeah) Yeah  
If it's just us two
