Chris Miles

Baby, why you drinking all my liquor?
Yes I cheated, but I never kissed her
Drugged out, caved in, but I'm in my bag
Blood on the pavement, tell me why am I so-

Nah nah nah, run that shit back real quick one time

Baby, why you drinking all my liquor?
Yes I cheated, but I never kissed her
Drugged out, caved in, but I'm in my bag
Blood on the pavement, tell me why am I so sad
Sad

Shut the fuck up, why you talking a lot
Baby, can you meet me in the parking lot?
I got everything you need if I bring you to your knees
Shawty, I know you a demon but it's kinda hot
I'm too wasted, I can't even say shit
Girl I need you now, I be losin' all my patience
It's like, yeah, fuck what we had
But baby, tell me why am I so sad
So sad

(Cody, emo's fucking dead)
