

Foolin Around

Chris Montez

Foolin' around, hearing your sound
Spending the day with you
Thinking out loud, watching the sky turn blue
Passing the time, spending a dime
Buying a red balloon
Watching it soar, reaching up for the moon

We won't do anything that shouldn't be done
Only the goofy things like having fun
Let people stare, we'll just pretend they're not there

'Cause we're just foolin' around, sun goin' down
Maybe a kiss or two
This is a way, spending the day
Foolin' around with you

La-la-la-la, la-la-la-la
La-la-la-la-la-la
La-la-la-la, la-la-la-la-la-la

We won't do anything that shouldn't be done
Only the goofy things like having fun
Let people stare, we'll just pretend they're not there

'Cause we're just foolin' around, sun goin' down
Maybe a kiss or two
This is a way, spending the day
Foolin' around with you

Foolin' around
Foolin' around
Foolin' around
Foolin' around
