

Nothing To Hide

Chris Montez

Do you know?
Do you know how much I love you?
Do you know how much I care?
This is how
This is how you make me feel inside
Now you know my story
I have nothing to hide

In your arms
Life is beautiful in every way
In your arms
That's where I always want to stay
This is how
This is how you make me feel inside
Now you know my story
I have nothing to hide

In your arms
Love is beautiful in every way
In your arms
That's where I always want to stay
This is how
This is how you make me feel inside
Now you know my story
I have nothing to hide
Now you're heard my story
I have nothing to hide
Now you know my story
I have nothing to hide...
