

Endless Night

Chris Norman

I know that the night must end
And that the sun will rise
Ending the endless night
I know that the clouds must clear
And that the sun will shine
Ending the endless night

Where has the starlight gone? Dark is the day
How can I find my way home?
Home is an empty dream lost to the night
Father, I feel so alone

You promised you'd be there whenever I needed you
Whenever I call your name you're not anywhere
I'm trying to hold on just waiting to hear your voice
One word, just a word will do to end this nightmare
To end this endless night

When will the dawning break, oh endless night
Sleepless I dream of the day
When you were by my side guiding my path
Father, I can't find the way, no no

You promised you'd be there whenever I needed you
Whenever I call your name you're not anywhere
I'm trying to hold on just waiting to hear your voice
One word, just a word will do to end this nightmare
To end this endless night

I know that the night must end
And that the sun will rise
Ending the endless night
I know that the clouds must clear
And that the sun will shine
Ending the endless night

You promised you'd be there whenever I needed you
Whenever I call your name you're not anywhere
I'm trying to hold on just waiting to hear your voice
One word, just a word will do to end this nightmare
To end this endless night

I know that the night must end
And that the sun will rise
Ending the endless night (Yeah)
I know that the clouds must clear
And that the sun will shine
Ending the endless night (Woah, woah, woah)

I know that the night must end
And that the sun will rise (Yes I know)
Ending the endless night (Oh I know, and I know)
I know that the clouds must clear
And that the sun will shine (Yeah, yeah)
Ending the endless night

I know that the night must end (The endless night)

And that the sun will rise (Yeah, yeah)
Ending the endless night (The sun will rise)
I know that the clouds must clear (Yes I know it's true baby)
And that the sun will shine (Yeah, yeah)
Ending the endless night
