

For A Few Dollars More

Chris Norman

Rich Girl, she buys her dreams
It`s a rich world behind the scenes
Green eyes, they tell it all
The more she takes, the harder they fall

Now, she ain`t easy, she ain`t tough
She`s had it good, but then she`s had it rough
And I guess that it don`t come to much
All that she`s got, she ain`t got enough

So she`ll cry just a little for a few dollars more
She`ll lie just a little like she`s done it before
She`ll take it she`ll fake it for a few dollars more
She`ll show you her heart, then she`ll show you the
door
You know she`ll lie just a little for a few dollars
more
Even fly just a little like she`s done it before
She`ll take it, she`ll fake it for a few dollars more
She`ll show you her heart, then she`ll show you the
door

Strange things can happen to you
She`s got so much, got nothing to do
Ooohh, but what do you know, that he get there when
there`s nowhere to go

So you wonder, just what she`ll do
She`s never know love
And she`s never know you
And it`s too bad, those sad green eyes
They`re so full of questions and so full of life
And so...

So she`ll cry just a little for a few dollars more
She`ll lie just a little like she`s done it before
She`ll take it she`ll fake it for a few dollars more
She`ll show you her heart, then she`ll show you the
door
You know she`ll lie just a little for a few dollars
more
Even fly just a little like she`s done it before

She`ll take it, She`ll fake it for a few dollars more
She`ll show you her heart, then she`ll show you the
door
