

# Beautiful

Chris Rea

Beautiful  
That's what you are to me  
No matter what they say

It's what you'll always be

Love calls your name  
And I must follow  
Where it goes  
Because

Beautiful  
Is all that I can see  
Although there is no chance for us  
And we must set each other free  
I'll always know  
Deep inside of me  
You'll always be  
Beautiful

This hopeless game  
We try to play  
To get along  
But there is no way  
We could make it  
We could stay  
Beautiful, mm  
Beautiful

All I can do  
All I can say  
Now that it's love  
At the end of the day  
Remember your face  
The wonderful time  
No one can replace  
You used to be mine

Beautiful
