

# Last Call

Chris Rea

Last place on my list tonight  
Last drink gonna be alright  
Seems like I'm headed  
For some big fall  
This is my last call

Last call for drink  
Last call for a cigarette  
Not least of all  
Your face I can't forget  
I lost  
You won  
And you took it all  
So this is my last call

I can't remember how this night began  
Boy we really hit the town  
I think the plan was to forget about you  
But before i put you down  
One more drink  
'Til you  
I cant recall  
This is my last call

One more drink  
'Til you I can't recall  
How I'd love to think  
I could forget it all  
Mr bartender please hear me out  
Cos this is my last call  
This is my last call
