

Let Me In

Chris Rea

There's a smile around your doorway
And all your words are shining bright
When you laugh
Its pretty colours
Lighting up the darkest night
It's a dangerous addiction
Everybody wanting more
When your devastating eyes look up
I don't know nothing no more
Come on let me in

Oh I'm helpless make me better
If i don't try how can I win
Come on and let me in

I wanna see the morning light
Move around your face
This ain't about 'good looking'
It's a different kind of grace
Oh half of this strange magic
Is because you don't know
What's behind this doorway
Everybody wants to know
Come on and let me in

Oh I'm helpless make me better
If i don't try how can I win
Come on and let me in

I know there are so many
That laugh around your dance
But I got to ask the question
Just to get me half a chance
If you tell me that I'm crazy

Oh don't worry it's OK
One chance in a zillion
I was glad to know you anyway
Come on and let me in
