

# Maybe That's All I Need To Know

Chris Rea

It must have been  
The shortest time  
I thought we had it  
Everything was fine  
They must have timed it  
Like a sly old cat  
When I was sleeping  
I did not hear the rat  
And who was this creep you ask  
Who hurt you so?  
Oh somebody ...  
Maybe that's all  
Maybe that's all I need to know

I see their shadow  
When I close my eyes  
There is no way back now  
It cut too deep inside  
Dirty tricks I thought  
I knew 'em all  
There was no writing  
on the wall  
Who was this creep you ask  
Who hurt you so?  
Somebody ...  
Maybe it's better  
Maybe it's better  
I don't know

The one they stole  
Is now history  
But that don't take away  
The hurt inside of me  
The painful razor  
Of the Devil's kiss  
Your closest friend  
Could never do this  
And who was this creep you ask  
Who hurt meso?  
Oh somebody ...  
Maybe that's all  
Maybe that's all  
I need to know
