

# Without You

Chris Renzema

I don't know where I would be without you  
I wasn't looking for more than the view  
You saw me outside and told me not to hide  
You came right out of the blue  
I don't know where I would be without You

I don't know where I would be without You  
You came like lightning and broke me in two  
Breathed into my lungs and whispered it was done  
Somehow I was already new  
I don't know where I would be without You

I'd probably still be throwing rocks at cars  
Bumming cigarettes off strangers and driving through the dark  
I'd probably still be lost up in my head  
Tryna figure out if I should get up or stay in bed  
Oh, I don't know, I don't know, I don't know where I'd be without  
ut-

I don't know where I would be without You  
Love always seemed like too good to be true  
You took me by the hand, said there's a promised land  
And we're gonna be there soon  
I don't know where I would be without You

I'd probably still be throwing rocks at cars  
Bumming cigarettes off strangers and driving through the dark  
I'd probably still be lost up in my head  
Tryna figure out if I should get up or stay in bed  
Oh, I don't know, I don't know, I don't know where I'd be without  
ut-

I don't know, I don't know, I don't know where I'd be without You

I'd probably still be stumbling around  
Wondering if I got lost, would I ever be found?  
I'd probably still be throwing rocks at cars  
Bumming cigarettes off strangers and driving through the dark  
I'd probably still be lost up in my head  
Tryna figure out if I should get up or stay in bed  
Oh, I don't know, I don't know, I don't know where I'd be without

I don't know, I don't know, I don't know where I'd be without You
