

They Love Each Other

Chris Robinson Brotherhood

Merry run around, sailing up and down
Looking for a shove in some direction
Got it from the top, it's nothing you can stop
Lord, you know they made a fine connection

They love each other, Lord you can see it's true
Lord you can see it's true, Lord you can see it's true

He could pass his time around some other line
But you know he chose this place beside her
Don't get in the way, there's nothing you can say
Nothing that you need to add or do

They love each other, Lord you can see it's true
Lord you can see it's true, Lord you can see it's true

It's nothing, they explain it's like a diesel train
Better not be there when it rolls over
And when that train rolls in, you won't know where it's been
You gotta try to see a little further

They love each other, Lord you can see it's true
Lord you can see it's true, Lord you can see it's true

Though you'll make a noise, they just can't hear your voice
They're on a dizzy ride on you're cold sober

They love each other, Lord you can see it's true
Lord you can see it's true, Lord you can see it's true

Hope you will believe what I say is true
Everything I did, I heard it first from you

Heard your news report, you knew you're falling short
Pretty soon won't trust you for the weather
When that ship comes in, you won't know where it's been
You got to try to see a little further
