

Do Whatever I Want

Chris Staples

At first it was nothing
And then it all came out
I wasn't so sure at first
And then there was no doubt

There was a time
When you could change my mind
But I can do whatever I want now
Do whatever I want now
Do whatever I want now

I can still remember
When I first arrived
Young and angry
Desperate to survive
The city climbed
Like a vine onto the sky
Turning into something
I could not recognize

There was a time
When I thought it could be mine
But I can do whatever I want now
Do whatever I want now
Do whatever I want now

Soft rain rented loft
We had the magic
But the spell wore off

There was a time
When our love was blind
But I can do whatever I want now
Do whatever I want now
Do whatever I want now
