

## River In Reverse

Chris Staples

This one was hard to write  
I barely knew you all my life  
So why'd you do it?  
Bring me here to say goodbye?  
Goodbye

There was a time when I needed you, but I did without  
Took a while, but I figured it out  
Now why'd you do it?  
Bring me here to say goodbye?  
Goodbye

Now you want to paddle up some river in reverse  
I send you down a hall of mirrors  
I do not have an answer for you  
Goodbye, goodbye  
Goodbye, goodbye  
Goodbye, goodbye
