Can I sleep on your floor?  
I've got nowhere else to go  
I'm leaving when the sun comes up  
Your roommate won't even notice

I know that we just met  
Barely even know me yet

Yeah, yeah  
Yeah, yeah

Everyone was sleeping  
We walk around the town  
The moon was just a sliver  
And the air was cooling down

I know that we just met  
I barely even know you yet

Yeah, yeah  
Yeah, yeah  
Yeah, yeah  
Yeah, yeah
