

Times Square

Chris Staples

We traveled so far
By plane, train and car

Smithsonian DC
The aquarium in BC
Honolulu, Bellingham
San Francisco, Disneyland

But we don't have to go anywhere at all
We can just stay home
You can make that call

Took you to see the mountain goats
You fell asleep on my coat
We hoped for snow in Tahoe
But there was none

Times Square sucked
But of course New York was fun
Sunny Los Angeles California
