

Vacation

Chris Staples

Let's go on vacation
So far away
Could be San Diego
Could be Santa Fe

I am going to lose my mind
If I have to work another day

I need some time to think
And look out on the water
And go to bed early
And wake up when I want to
And go out on a walk
Without any destination

I hope that you agree
That baby you and me
Need a vacation

I need some time to read
A man without a country
And hike up to the ridge
And stare out into nothing
And just as we wish
Without any hesitation

I hope that you agree
That baby you and me
Need a vacation

I am going to lose my mind
If I have to work another day

Wouldn't you agree
That baby you and me
Need a vacation
