

# Be The Moon

Chris Tomlin

You're the Lord of all creation  
God You made me in Your image  
And I'm just a reflection of the love that I've been given  
Everybody wants to be somebody  
I wanna be somebody too  
If I'm gonna be known for something  
I wanna be known for You

I wanna be the moon up among the stars  
Fly around the world, lighting up the dark of night  
I'm nothing without the Son's amazing grace  
On everything I do  
If You're shining on me  
I'm shining right back for You  
I wanna be the moon  
(Lord, I wanna be the moon for You)

Yeah, there's gonna be some cloudy days  
Sometimes it's gonna cover up the work You're doing in me  
But still with every breath I breathe

I wanna be the moon (I wanna be the moon)  
Up among the stars (Up among the stars)  
Fly around the world (Fly around the world)  
Lighting up the dark of night (Lighting up the night)  
I'm nothing without the Son's amazing grace  
On everything I do  
If You're shining on me  
I'm shining right back for You  
I wanna be the moon  
(Lord, I wanna be the moon for You)

Everybody wants to be somebody  
I wanna be somebody too  
If I'm gonna be known for something  
I wanna be known for You

I wanna be the moon up among the stars  
Fly around the world, lighting up the darkest nights

I wanna be the moon (I wanna be the moon)  
Up among the stars (Up among the stars)  
Fly around the world (Fly around the world)  
Lighting up the dark of night (Lighting up the night)  
I'm nothing without the Son's amazing grace  
On everything I do  
If You're shining on me  
I'm shining right back for You  
I wanna be the moon  
Lord, I wanna be the moon for You  
(Lord, I wanna be the moon for You)
