Chase Me Down

Chris Tomlin

Why do I do things I hate?
Why do I say things that I shouldn't say?
When I know better, ya
I could love better
Some days I take it too far
Sometimes the world gets the best of my heart
I know who I am
Till I forget just who I am

When I find myself again
Standing knee deep in my sin

You chase me down
When I don't deserve it
You show me love, You don't make me earn it
I make a mess and I just start running, hoping You won't know
Oh, when I'm lost and I'm low in a place that I think You won't
 go
You chase me down
You chase me down

Sometimes I can't believe
You stay when You don't have to 'cause You won't leave
Whatever that looks like, yeah
That's what love looks like

You chase me down
When I don't deserve it
You show me love, You don't make me earn it
I make a mess and I just start running, hoping You won't know
Oh, when I'm lost and I'm low in a place that I think You won't
 go
You chase me down

You chase, You chase, You chase
You chase, You chase, You chase
I know this must be grace
'Cause You chase, You chase, You chase

You chase me down
When I don't deserve it
You show me love, You don't make me earn it
I make a mess and I just start running, hoping that You won't k
now
Oh, when I'm lost and I'm low in a place that I think You won't
 go
You chase me down
You chase me down
