

The Answer

Chris Tomlin

I used to wonder
If I would ever
Find what I was searching for
Getting lost and
Forever chasin'
Always wantin' something more

The questions I was fightin'
But You were never hidin'
Just needed some remindin'

Who is gonna love me all my life
Who is gonna never leave my side
Who is gonna be the heartbeat of everything I do
The answer is always You
Always You

It's been a wild ride
And for a while, I've
Had my share of highs and lows, no doubt
But You're the calm when
The storm is ragin'
Oh, God, you never let me go, oh no

When I think I'm going under
I don't have to wonder
There'll never be another

Who is gonna love me all my life
Who is gonna never leave my side
Who is gonna be the heartbeat of everything I do
The answer is always You
Always You

You hold my future, whatever comes
You hold me together, in Your arms
You waited patiently for me
And now I know

Who is gonna love me all my life
Who is gonna lead me through the darkest night
And be the heartbeat of everything I do
The answer is always You
Always You (Always You)
The answer is always You
It's always You, always You
The answer is always You
