

Ain't Safe

Chris Travis

Bitch it ain't safe if you step into my place
Better come up correct or I'll off your face
Walkin' with my K, lookin' fresh from off a layer
We rappers outta air
I can swear to say it ain't safe
If you ain't with me then you stay
Bitch nigga get up out the place
Disgraceful ass niggas such a shame
I brought hell to the game
I bring pain to your name, cut your brains, I'm still on the sa
me thing, fuck a name
