Chris Travis

Yeah yeah Just me [x12]

Aye Water Boyz Entertainment Aye  
Fall asleep to this shit nigga  
Aye, this that shit we dream bout  
Aye

Blow it, never show it  
Money on me, never throw it  
Bitch you see me always loaded  
Every hour somewhere blowin  
Cross the states bitch I'm floatin  
In your city catch me coastin  
Leave a bad bitch soakin  
Leave a bitch nigga hopeless  
In the sky with the fishes  
In the water with the bitches  
Boy they call me young Kenshin  
Leave your heart in your kitchen  
Bitch don't start why you trippin' we gon' be there in a minute  
Making money and I'm living bitch I do this for a living  
Bitch I do this for my city, for the kids fucking with me  
For the niggas bumpin 50, hair tied looking mini  
Baptized up in Fiji, man your water you can't see me  
Y'all niggas wanna be me cause I make it look easy  
But, bitch I'm so greedy, know this shit make you sleepy  
Fall asleep to this shit than fall into eternal pits  
Fall into eternal pits
