

Everybody Know

Chris Travis

I think I got it bro

Everybody know, that you do the most
Smokin' out, I'm ghost ridin' out, I'm low
Let a nigga know, if you wanna go
I get plenty hoes, never no biggie though
People they at my shows, livin' out history, hoe
I get plenty dough, but I want plenty mo'
I catch feelings, no, I smoke with ya though
Took off my ceiling though, now I see plenty mo'

Everybody know, that you do the most
Smokin' out, I'm ghost ridin' out, I'm low
Let a nigga know, if you wanna go
I get plenty hoes, never no biggie though
People they at my shows, livin' out history, hoe
I get plenty dough, but I want plenty mo'
I catch feelings, no, I smoke with ya though
Took off my ceiling though, now I see plenty mo'

Back to the max, all I know is attack
Back with a bitch with her hair down her back
Back with some niggas, came back with my niggas
Them my day one boys, M-Town where they at
Smoke back to back till my eyes pitch black
Pull up in the front, escort me to the back
I just want a Hollywood bitch to lick my sack
I can tell you niggas hatin', but you ain't on that
Still the same nigga that you knew back then
Your boys see the movement, try to partake in
Imma give it all [?] can't take in
Yeah you say you ball, but it's nothing that you did
Fuck a damn award, I look out for the kids
Waterboyz for life, takin' over once again
Fuck a damn award, I look out for the kids
Waterboyz for life, takin' over once again

Everybody know, that you do the most
Smokin' out, I'm ghost ridin' out, I'm low
Let a nigga know, if you wanna go
I get plenty hoes, never no biggie though
People they at my shows, livin' out history, hoe
I get plenty dough, but I want plenty mo'
I catch feelings, no, I smoke with ya though
Took off my ceiling though, now I see plenty mo'
